Sir Harold Kroto will come to Rochester for a special lecture on the fundamental role of art in scientific processes. Kroto will urge us to continue tapping into America’s most original and steadfast resource: creativity.

*‘The only thing we are still first in is our creativity/invention. We must not ever lose that position...’*

Tickets \$20—available at ARTISANworks  
or visit [www.artisanworks.com](http://www.artisanworks.com)  
ARTISANworks Members Free  
Seating is limited—reservations required
